

There is no increase in the monthly Teacher's Fees for violin/viola for the 2016-17 School year. This monthly fee includes both your private lesson fee and group lesson/orchestra fee.

The School and Registration fees partially cover the cost of school building lease, insurance, phone, accompanists, office supplies, church rental and other expenses of running a music school. The balance of these costs are covered by ongoing fundraising efforts which students and families take part in throughout the year.

The Board makes every effort to ensure that the Teaching and School Fees are comparable to Suzuki Schools in Ontario and nationwide.

THINGS TO CONSIDER BEFORE REGISTERING YOUR CHILD

- Committing to lessons means committing to practice. In the Huntsville Suzuki School students are allowed ONE day off practice a week, though practicing EVERY day is even better.
- Can you commit to consistent weekly lesson and group times? Groups are a priority and it means they must sometimes take precedence over other activities.
- Are you able to volunteer to be on the Board in 2016-17? Your input and contributions are important as we commit to growth and continued community involvement.

Thanks for your commitment to music education for your child.

Together we will create a musical community with lasting memories for all.
